

REMARKS

Applicants have amended the specification at page 1, first paragraph to indicate that necrosis of tumor cells is induced by increasing the temperature of the cells. This amendment is fully supported by the specification as filed, particularly at page 12 and original claims 3 to 6.

Applicants have amended the claims to correct improper multiple dependencies and to render the language more clear. New claims 31 to 35 are added to capture subject matter deleted from claims 21-23 and 26.

If there is any fee due in connection with the filing of this Preliminary Amendment, please charge the fee to Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
